

TKX 310

- Ultra-sharp, replaceable trapezoidal blade made from high-quality, durable SK 4 steel
- STANDARD NORM ADAPTER: Integrated hexagonal bit holder with the most common size (¼ inch/6.35 mm) and bits for crosshead and slotted screws increase the flexibility
- Adjustable 45° and 90° positions of the blade to adapt to specific requirements, increased precision and control of the cutting depth
- Lightweight and highly durable housing made of zinc alloy
- Integral blade magazine for optimum storage of spare blades
- Button lock keeps the blade in the open position
- Belt cutter tool
- Quick blade replacement – no additional tools required
- Ideal for cutting plasterboard or screwing in screws
- Fits easily in trouser pockets due to compact size
- Belt clip for easy fastening
- 3 blades included with delivery

This multifunctional folding knife impresses with its extremely sharp, replaceable trapezoid blades made from high-quality, durable SK 4 steel. The integrated hexagon bit holder with the most common size (¼ inch/6.35 mm) and bits for Phillips and slotted screws make this folding knife a flexible helper for a wide range of work tasks. The adjustable 45° and 90° positions of the blade for adapting to specific requirements increase precision and ensure good control over the cutting depth. The lightweight and very robust zinc alloy housing has a thumb rest for safe guidance during the cutting process. The button lock reliably holds the blade in the open position. The spare blades are stored in the integrated blade magazine and can be changed quickly without the need for tools.

TECHNICAL DATA	
Version	Utility snap-off knife
Grind	Double-sided
Blade Open	Two-handed
Blade Shape	Trapezoidal blade
Blade Mounting	brass
Lock Type	Button lock
Blade Material	SK4
